## DEFINITIONS

**Years of Experience for Pay Purposes:** This applies to Instructional and Administrative employees. Years of experience shall be interpreted to mean the time an employee has been employed in a position or positions of equivalent classifications and not the total years of service as an employee of the Bay Haven Charter Academy, Inc. Progressive advancement in equivalent classifications shall qualify an employee to retain their earned experience. Equivalent classification shall mean employees are paid on the same Placement Schedule. An employee moving from a position paid from one Placement Schedule to a position paid from another Placement Schedule will begin the new position pay grade at the “0” years’ experience on the Placement Schedule except for that employee who can document experience as an administrator or as an instructional employee may transfer the approved years of experience to the appropriate Placement Schedule.

**Administrative Experience:** Only experience in an administrative position will count toward salary computation on the Administrative Placement Schedule (Placement Schedule 2), except in Professional Development or Administrative Assistant positions. Leadership positions held (as department head, team leader, etc.) while employed as an instructional employee will not be considered. An employee acting as an administrator will also not count toward administrative experience.

Any employee wishing to claim administrative experience must make a written request to the Budget and Finance Officer. Such requests must include written documentation of the specific assignments and time spent in qualifying administrative positions.

# *Administrative/Supervisory Personnel*

## **Administrative/Supervisory Personnel**

- For the Administrative Assistant position, instructional years of experience will be counted towards placement on the placement schedule. When an employee moves from an Administrative Assistant to another position on the administrative schedule, only administrative years will be counted towards placement on the placement schedule.
- Employees on Placement Schedule 2 may be awarded an advanced degree stipend. The advanced degree must be in the area they are currently working. The Charter School statute does not require administrators to have advanced degrees. Therefore, the following stipends are available after verification of policy parameters are met: Master's Degree: \$2,500; Specialist Degree: \$5,100; Doctorate: \$7,800. The exception is Instructional Specialists with a Master's degree. Instructional Specialists that do not possess a Master's Degree are paid on the A6 paygrade, while Instructional Specialists that have a Master's Degree are paid on the A7 paygrade. Therefore, Instructional Specialists with a Master's Degree are paid the difference between \$2,500 and the A7 paygrade amount when placed.
- All positions on Placement Schedule 2 are employed 250 days annually.

For professional development positions, A7 requires a Master’s Degree as part of the placement schedule amount. The employee will receive the difference between the Master’s stipend amount and the A6 and A7 amount. Example: The difference between A6 and A7 for year 0 is \$1,970, so the employee is receiving an increased amount of \$1,970. The employee would receive a prorated Master stipend of \$530 (\$2,500-\$1,970)
